

THE BERKSHIRE TRAIL RIDERS PRESENT:

# **HELL IN THE HILLS Part II**

**ROUND 6 OF THE 2012 NETRA CHAMPIONSHIP ENDURO SERIES**

After the mud settled on Sunday, August 5<sup>th</sup>, 2007, **only 8 men** remained standing, following 70+ miles of mud, roots, rocks and hills; the rest were left to head home with their tail between their legs, whimpering and crying. The following year, BTR felt sorry for the event participants from the previous year and offered condolences at sign-up by handing out crying towels in preparation for their 2008 endeavor. When the mud settled this time, only 7 riders didn't need them... Well, a few years have passed, trying to cater to the wimpy, ill-willed, un-skilled, and just plain weak. Fortunately, (unfortunately for some) BTR has once again stepped back to their roots for 2012 by presenting riders with, **Hell in the Hills Part II**. But, as always, if you are of minimal skill set, lack intestinal fortitude, would rather ride in circles for 30 minutes on a groomed/manicured golf course, or, are just plain scared... Stay home and catch up on your knitting. We're sure it'll be another long winter!
